

Make your Smart phone smarter with...

OnTheGo[®] Mobile

Key Features

- ◆ Real-time capture of SAP business transactions from your smartphone with minimal data entry.
- ◆ Seamless integration with BlackBerry[®] and iPhone[®] native applications
- ◆ Simple to use with intuitive interface
- ◆ Built-in Analytics for a single view of customer behaviors and interactions
- ◆ No complex middleware configuration needed

OnTheGo[®] is built on SAP Neatweaver[®] platform and is fully integrated with SAP Business Suite providing pre-configured content synergized with SAP business processes and data models for better mobile user adoption.

With ease of use, unified user interface, 24x7 availability and no integration complications, OnTheGo[®] increases your returns on investments and reduces cost of ownership. OnTheGo[®] empowers your workforce with ready-to-use application as simple as plug and play.
