

ENHANCING COLLABORATION WITH OFFICE 365[®]

Consumer Electronics Company Reduces IT Costs, Improves Collaboration and Business Processes

CASE STUDY

QUICK FACTS

Client

The client is a multi-national corporation that manufactures a wide range of consumer and business electronics and employs more than 50,000 people worldwide.

Product

It is one of the world's largest manufacturer of television and other electronics including consumer appliances, AV systems, computers, and printers.

Network

28 offices in USA and many more globally.

THE CHALLENGE

The client wanted to drive better collaboration and productivity among employees. They also wanted to ensure robust security and reliability. The business experienced operational inefficiencies brought about by a lack of data visibility, high support costs, and slow data search capabilities within the enterprise.

THE SOLUTION

Nsight's IT experts assisted the client early on and helped them choose the right tools. Microsoft Office 365[®] was the appropriate choice as per the business needs. Nsight implemented Office 365[®] and SharePoint[®] ensuring zero business disruption. This solution gave the users seamless collaboration tools and helped the business with enhanced visibility into their data. Nsight was also contracted to provide support services Office 365[®] and SharePoint[®].

BUSINESS BENEFITS

- Enabled teams and users to collaborate seamlessly and boosted productivity
- Significantly reduced IT support costs
- Enhanced user experience and user adoption
- Refined and improved business processes
- Enhanced system stability and performance
- Improved content management and administrative functionalities

ABOUT NSIGHT

Nsight helps organizations orchestrate their digital transformation around business solutions in Customer Engagement, User Experience, ERP, IoT, Analytics, Security and AI & ML. Our strong partnerships with SAP,[™] Oracle,[™] AWS,[™] Salesforce[™] and Microsoft[™] help us stay up to speed with the most recent innovations and technologies and provide a wide spectrum of system integration services.

In today's digital age, we are the perfect partner you can count on as we recognize the digital and real-life challenges of your industry. We help you align your business in every step to give you the competitive advantage.

We support organizations of all sizes and deliver turnkey projects in crunch timelines. We discover, design, deliver, manage and continuously enrich business solutions so our clients can meet their customer's changing requirements. We offer Managed Services Packages where we provide all services and support under one umbrella with our proven Global Delivery Model.

Our experts bring in deep industry experience and we understand the marketplace you are in, your industry and the technology that can solve your current pain points and future needs. And we bring together our proficiency with bespoke regional proximity, global competencies and our trusted principles - constantly finding the right balance for each individual client.

By incorporating our best practices to ensure uncompromised quality and lower TCO with flexible engagement models, we have been successfully transforming businesses across the world for over 15 years.
