

Mergers & Acquisitions IT Integration

Nsight's Mergers & Acquisitions (M&A) IT integration experts assist clients early in the pre-merger process. Our assessments and advisory services are focused on the value that technology brings to a merger deal.

Why Nsight?

Business Savvy & Communication

- Experienced M&A Integration team has a keen understanding of business requirements coming from successful engagements with customers in various verticals.
- Deep dive experience with wide spectrum of IT applications including ERP, On-Premise, Cloud, Analytics, Data Warehousing.
- Pre-built Accelerators and methodologies ensure faster time-to-market for critical projects
- Effective communication with all stakeholders throughout the engagement

Quality Process

- ISO certified

Cost effective

- Very cost effective compared to peers
- Responsive support staff

Knowledge Management

- Focused on continuous improvement
- Knowledge Base reduces repetitive issues and improves service delivery

Best Practices and Process Oriented

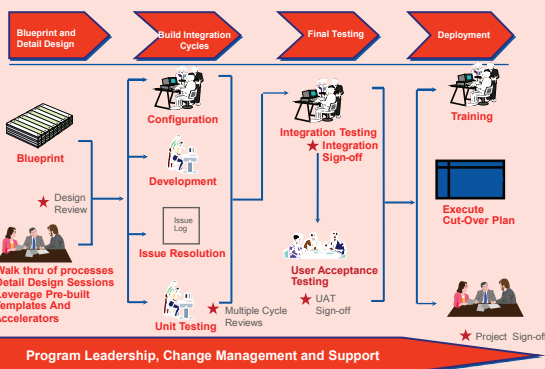

- We adopt CMMi/ITIL/ISO standards and lay down a process-oriented approach for providing support

Commitment and Accountability

- Executive management is fully involved in the engagement
- Well-defined escalation matrix
